CURRICULUM VITAE (CV)

Name of Expert:	Lidomir Teklić
Date of Birth:	30.07.1978
Country of Citizenship/Residence	Croatian/Germany

Education:

Dipl.-Ing. Civil Engineer, 10/1999 – 12/2006, Technical University Berlin, Germany

FIDIC Dispute Adjudicator (see German List, https://www.vbi.de/english/list/)

02/2009 – 02/2010 Assessment passed, Association of Consulting Engineers (VBI) & Nestor GmbH,

Attending regularly FIDIC Contract Users Conferences in London (2010, 2011, 2012, 2013, 2016, 2017)

Health & Safety Coordinator, 02/2010 – 04/2010, Construction Academy (Bauakademie), Germany

BIM Coordinator, 12/2019 – 10/2020, Mensch und Maschine, Germany

Lean Construction, 2018, VDI Wissensforum

Computer Literacy: Excellent computer literacy, MS Office, MS Project, Visio, iTwo-tendering software, JAVA

programming, AutoCAD, Finite Elements Programmes, BIM 360, Autodesk Navisworks, Desite

Employment record relevant to the assignment:

Period	Employing organization and your title/position. Contact info for references	Country	Summary of activities performed relevant to the Assignment
Since 01/21	KREBS+KIEFER / Managing Director	Germany, BiH, Croatia, Serbia, Saudi Arabia	Project management, technical implementation assistance on infrastructure projects in transport and energy sector, FIDIC Engineer, construction supervision, contract administration incl. risk and claim management, drafting of tender documents and contracts, organisation of international strategy business meetings, coordination of international business activities and developing strategies, business reviews and reporting to the board
06/17- 12/20	KREBS+KIEFER / Authorized Representative Head of Construction Management For references: Mr Robert Kiefer, +496151 885252	Germany, BiH, North Macedonia, Croatia, Georgia	Project management, technical implementation assistance on infrastructure projects in transport and energy sector, FIDIC Engineer, construction supervision, health & safety coordination, contract administration incl. risk and claim management, reporting
04/10- 05/17	KREBS+KIEFER / Project Director (Team Leader) For references: Mr Robert Kiefer, +496151 885252	Germany, BiH, Algeria, Croatia, North Macedonia,	Project management, technical implementation assistance on infrastructure projects in transport and energy sector, FIDIC Engineer, construction supervision, health & safety coordination, contract administration incl. risk and claim management, reporting.

01/07- 03/10	KREBS+KIEFER / Project Engineer For references: Mr Robert Kiefer, +496151 885252	Germany, BiH, Croatia, Algeria	Preparing tender documents and design for motorways, roads, tunnels, bridges and viaducts, structural calculations for buildings
10/04- 12/06	KREBS+KIEFER / Assistant For references: Mr Robert Kiefer, +496151 885252	Germany, Albania, Croatia	Preparing tender documents and design for infrastructural projects of any kind, construction supervision and design review

Membership in Professional Associations and Publications:

Association of Consulting Engineers (VBI Verband Beratender Ingenieure)

Language Skills (indicate only languages in which you can work):

German, English, Croatian

Consultancy Services for Supervision of Construction Works on Interstate Bridge over Sava River near Gradiška

Supervision over construction of 3 span bridge in length of 462 m, expressway cross section, and access roads to the bridge in length of 50 m expressway cross section (Croatia) and 411 m motorway cross section (BiH). Value of Works: **23.5 M EUR**. FIDIC Red Book Contract.

Country: BiH, Croatia

Client: Ministry of Communications and Transport of BiH

Financing: EIB

Period: 10/19 – 07/22 (envisaged)

Position: Project Director / Contracts/Claims Specialist

Assignment: Performing the duties of the "Engineer" in accordance with FIDIC's Conditions of Contract (FIDIC Red Book) and in accordance with local Laws and regulations concerning the design, construction, supervision, construction works quality control and environmental protection (Spatial Planning and Construction Law of the BiH and Croatia, Guidelines for Road Designing, Construction, Maintenance and Supervision, Environmental Protection Law in the BiH and Republic of Croatia, etc), overall responsibility for the management of the Engineer's activities, Approval of Contractor's Documents, Monthly Progress and Final Reports, Contract and Claim Management, Contract Administration, Evaluation of Variation Orders

Design and Construction Works on Corridor Vc Motorway through Republic of Srpska from Interchange Johovac (Tovira) to Interchange Rudanka (Kostajnica)

Supervision of Design and Construction of 5.65 km long motorway section with two traffic lanes and and emergency lane in each direction with central reserve/median between Interchange Rudanka (Kostajnica) and interregional node Johovac (Tovira).

Interregional node Johovac in the sense of traffic represents a junction of two motorways of the highest priority, namely the motorway on Corridor Vc, parts LOT 2 and LOT 3, and the motorway Banja Luka - Doboj which ends at this node, representing a type T intersection to two motorways which includes two viaducts lengths of 380m and 560m. On the section there is Interchange Rudanka, as a 3-way grade separated trumpet type intersection.

Value of Works: 82.4 M EUR, FIDIC Yellow Book Contract

Country: Republic of Srpska, BiH

Client: PC "Autoputevi RS" BiH

Financing: EBRD

Period: 02/19 – 07/22 (envisaged)

Position: Project Director / Contract/Claim Specialist - Engineer's Representative

Assignment: Performing the duties of the "Engineer" in accordance with FIDIC's Conditions of Contract for Plant and Design-Build (FIDIC Yellow Book) and in accordance with local Laws and regulations concerning the design, construction, supervision, construction works quality control and environmental protection (Spatial Planning and Construction Law of the Republic of Srpska, Guidelines for Road Designing, Construction, Maintenance and Supervision, Environmental Protection Law in the Republic of Srpska, etc), overall responsibility for the management of the Engineer's activities, Approval of Contractor's Documents, Monthly Progress and Final Reports, Contract and Claim Management, Contract Administration, Evaluation of Variation Orders

Supervision over construction on highway A4, section Miladinovci – Sveti Nikole – Stip

Section Miladinovci - Sveti Nikole - Stip with length of 47 km, is divided into two sub-sections:

1. Miladinovci - Sveti Nikole, km 0 + 000-km 26 + 537

2. Sveti Nikole - Stip, km 26 + 396-47 + 107

The works include construction of highway with 2 lanes and 1 emergency stop lane in each direction. The highway has total of seven interchanges of high complexity.

Project is implemented according to FIDIC Conditions of Contract (Red Book). Value of works 267.5 M EUR

Country: Macedonia

Client: Public Enterprise for State Roads of R. Macedonia

Financing: People's Republic of China and Government of R.Macedonia

Period: 02/14 - 12/18

Position: FIDIC Claim Expert

Assignment: Developing good plan and strategy for controlling the works of the Contractor; Monitoring, approving or correcting the work plan of the Contractor according to the Main Design, Reports, Variation and Claims from Contractor.

Design and Construction of Banja Luka - Doboj Motorway, section Banja Luka – Prnjavor

Supervision of Design and Construction of motorway in total length of 35.3 km with standard cross section: 2 traffic lanes and an emergency lane in each direction with central reserve/median. Construction of 20 bridges and viaducts with a total length of 2.101 m on the main alignment, including 340 m long bridge over Vrbas river, one tunnel on the main alignment in length of 55 m and 2 interchanges.

FIDIC Yellow Book Conditions of Contract with value of construction works 195.1 M EUR.

Country: Republic of Srpska, BiH

Client: PC "Autoputevi RS" BiH

Financing: EIB

Period: 04/14-09/18

Position: Project Director - Contract/Claim Specialist - Engineer's Representative

Assignment: Performing the duties of the "Engineer" in accordance with FIDIC's Conditions of Contract for Plant and Design-Build (FIDIC Yellow Book), overall responsibility for the management of the Engineer's activities, Approval of Contractor's Documents, Engineer's Work Programme Report, Monthly Progress and Final Reports, Claims from Contractor, Valuation of variation orders, extensions of time and payment issues
